Principal's Report

Week 9 Term 1 2022 Issue 5

As we slide into the last week days of Term One, we can all celebrate the wonderful experience of being together for a full term. It has been interesting to notice the wavering stamina of students that have not had a full term onsite for nearly two years. Being able to focus on learning, growth and wellbeing whilst face-to-face will never again be taken for granted.

We continue to maximise the memory making experiences for our community and we all thoroughly enjoyed the Colour Run yesterday. I know that Mrs Breedon-Walton has included photos of the day and I thank the co-ordinator Bridget and huge number of parents who contributed to this event.

Poisson D'Avril - April Fools

Today is April Fools Day, and at Hughesdale we added a French twist!

It is tradition in France to cut out little paper fish and try and stick them to your friend's without them noticing. I felt like I was at the ocean at recess this morning!

From Our Students

I take great pleasure in giving a number of students the opportunity to co-create the Principal's article in this issue. Please enjoy their articles about Division Swimming and National Young Leaders Day.

Please stay safe and enjoy the school holidays.

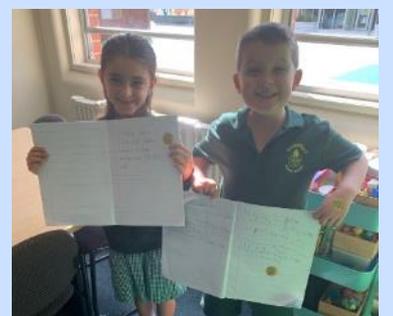

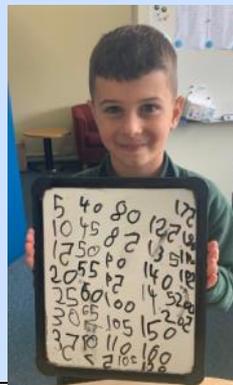

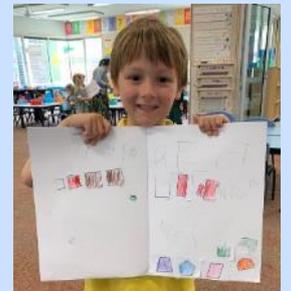

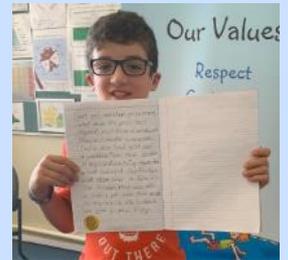

Warmest Regards,
Lisa Gough

Division Swimming Student recounts

The Division Swimming Carnival was held on Monday 21st March at the Oakleigh Recreation Centre. There were five students representing Hughesdale Primary School: Ella Robertson, Lily Geralis, Elle Hatzis, McKenzie Wilson and Lewis Corben.

It was great to see our Hughesdale team displaying our school values during the swimming carnival. It was a beautiful sunny day and many records were broken.

The awesome foursome (the under 10 relay team) showed great teamwork it was an exciting race finishing second place on the touch!

Ella had a full program competing in 3 events for the day. She finished 3rd in backstroke and fourth in Butterfly, an amazing result as she competed against girls a year older than her.

Elle competed in the 50m freestyle and finished in 7th place in a very fast race, she showed great resilience as she only just swam in the relay prior.

In my event 50m butterfly there was a convincing winner, Drew T. from Parktone Primary School, I had a really tough battle and came in 2nd place.

We are grateful for the support provided on the day by Mrs. Gough, Mr. Richards and our parents and grandparents we look forward to competing again in 2023.

By Lewis Corben

On Monday the 21st of March I swam at division, I swam in the freestyle relay, individual backstroke and individual butterfly. In the morning I was excited and nervous but I knew I just had to try my best. Overall I had lots of fun and my freestyle relay came second by a millisecond it was so close, but for my backstroke I came third and in my butterfly I came fourth but I can't wait for next year do even better. -

By Ella Robertson

MY DAY AT DIVISION SWIMMING (Monday 21 March)

It started at 10am, I was worried about how I was going to go as this was my first time competing at this level! My relay team was in the first race of the day... In my freestyle relay team there was Ella (1st swimmer) Me, Elle (2nd swimmer) Lily (3rd swimmer) and Mackenzie (4th swimmer). I was shaking! I didn't know how it worked and I felt like I was feeling sick in my stomach! I was sweating like crazy. Water dribbled down my face before I even touched the water. Ella started us off and I was next. I was scared that I'd go in at the wrong time and get us disqualified! I dived in and I put us into 1st place. All the while freaking out that I was actually giving it my best and it put us in the lead! There was some very strong competition as even though we were U10 some of the other teams had taller and stronger looking girls. We kept on going and Mackenzie was perfectly lined up with Mentone. They were neck and neck but at the end Mentone touched the wall from Mackenzie by less than a millisecond. Our relay team came 2ND!! Sadly only those who come 1st progress to regionals. It was my turn to do my individual U10 Freestyle race and the nerves started to come back again! The beep went off and I dived in, water was filling up one side of my goggles and unfortunately this created me to not be able to swim at the best of my ability. I pushed through and came second last which I'm still proud of what I achieved because I made it there to begin with. I really enjoyed my experience and can't wait until next year when I can give it another red hot go! I'm also proud of the rest of the team from Hughesdale, cheers to Ella R, Lily, Mackenzie and Lewis for their achievements and placings.

Elle Hatzis 5A!

National Young Leaders Day - Wednesday 23rd March

On the 23rd of June our grade six leaders went on a once in a lifetime experience to the National young leaders day speech. There we met 4 inspiring adults who talked about how they got into their positions and what inspired them to do so. They also talked about their life experiences and how to be a great leader, these people were; Lachie Smart (youngest person to fly around the world solo), Guy Edmonds (Author of zoo crew and director of hardball), Cate Campbell (Olympic swimmer for Australia) and Damien Fleming (commentator, cricket star). Everyone who went to this event came back with something to learn from and that they had learned themselves. From all these famous and exceptionally inspiring people we hope that our leaders will learn from them, and lead with passion and spirit hoping to convey their dreams and messages out to the world. Remember to never give up and lead with passion and inspiration.

In these next paragraphs you will hear from many leaders who attended this event, and learn about these amazing people, the stories of their life and how they got there. First up is Lachie Smart the youngest person to fly around the world, solo:

By Sarah

Meeting Lachie Smart

Our first speaker was Lachie Smart. He is the youngest person that has flown the world solo.

He told us about his endeavours and his awestunning feats. He told us that "even when you think there is no hope there is always something to hold onto". He showed us how he got through his feat. Lachie Smart was a very inspiring person and a very great speaker. He told us all his failures and mistakes, also his achievements. He told us that "Mistakes aren't bad, they are just a chance to improve." Lachie Smart gave all of the leaders a very detailed summary of his flight. We hope to see people inspired by Lachie Smart like all the leaders that went to see his speech.

By Alex

Meeting Damien Fleming

On Wednesday Damien Fleming also spoke at National Young Leaders Day. Damien Fleming is a former Aussie cricketer and currently a cricket commentator. On Wednesday Damien Fleming talked about the challenges he went through in cricket and how he overcame them. One example was when he played in the ODI world cup. It came down to the last over where South Africa needed 9 runs to win and the Aussies needed one wicket. Damien was told to bowl on the opposite side he was used to which he was not comfortable with. He had bowled two balls and by that stage South Africa needed one run to win. Damien thought to himself about what he should do. He wanted to stick with the game plan but deep down he knew had to scrap the game plan and go to what he was used to. He backed himself and in the end he got the needed wicket to get the Aussies to the grand final. The point of that story was to believe in yourself.

Meeting Guy Edmonds

An Australian-born writer, director, actor, and co-creator of handball series Guy Edmonds calls himself; the Mega Slashie. But to be the Mega Slashie there was a journey.

As a kid, Guy Edmonds was a drummer and wanted to audition for a part in an orchestra. It was there he found his love for acting and started to really want to do it. He auditioned many times but no one said yes and soon he started creating short films with a guy called Matt Zeremes. The two started working together, creating short films that they would send to channels but get rejected. One of the short films was about a playdate where 2 dads started arguing and it all came down to a handball competition. Guy Edmonds and Matt Zeremes thought they should really make this a TV-series and told the idea to the channel; ABC ME. The channel absolutely loved it and it became a sensation.

"Failure is RAD," says Guy Edmonds.

Resilience to bounce back when getting rejected

Acceptance of not getting what you want

Determination to keep on going no matter what happens.

"Success is not final, and failure is not fatal, it is the courage to continue that counts".

By Syon

Meeting Cate Campbell

Cate Campbell is a swimming superstar, having won 8 Olympic medals for Australia as well as an Order of Australia Medal. She was a speaker at the Halogen National Young Leaders Day (NYLD). One of the strategies she gave us was the three As, which includes Accepting a situation, Adapting to it and Acting on your decisions - which the HPS Leadership cohort believe is key to being a successful leader. Another of Cate's messages that stood out to the group was "in order to achieve something, work hard". Coming from someone so successful, this message is invaluable, as was her takeaway lesson: "we are often more capable of something than we give ourselves credit for". We want to reiterate this message to all our peers at HPS. The HPS Leaders who attended NYLD are incredibly grateful for the amazing experience.

Wellbeing and Daily Organisation

As the term draws to a close next week, please join us for our final assembly and Easter Egg raffle on Friday 8th April under the Great Green from 2pm.

Thank you in advance to all families who were able to donate items, the year 3 parents who were able to collect eggs from the classrooms and to the year 4 parents for wrapping the raffle prizes!

We look forward to seeing all the lucky prize winners next Friday.

Don't forget your Smile Squad consent form

If you have not done so already, please return your child's consent form.

Next week, they will be bringing home a healthy pack containing a new toothbrush and toothpaste, just in time for the school holidays.

Harmony Day

Thank you to all the students who dressed in clothing representing their culture or to wear orange to symbolise harmony and inclusiveness last week for Harmony Day. It was lovely to see the students parade around and hear the messages of inclusion shared by each classroom. Students enjoyed completing learning activities throughout the day and some amazing pieces are now on display across our school.

Parents and Friends Colour Run

What a fun and colourful afternoon we had!

Thank you to our wonderful coordinator Bridget and to Kirsten for all her work both behind the scenes and for running the afternoon along with myself.

I shall let the photos speak for themselves!

Movie Night

After the school holidays we will be hosting the Hughesdale Primary School Outdoor Movie Night. Please save the date and come along to join us for a fantastic fun night together.

As there is no newsletter next week, please accept my advance well wishes for a lovely break and I hope you and your family enjoy the festivities of Easter.

We shall see you all back on Wednesday 27th April, the first day of Term 2.

Merci,

Victorian High Ability Program

The Victorian High Ability Program, which began in 2021, has continued and Hughesdale Primary were fortunate to have 12 students selected to participate this term. The program provides selected students in Years 5 to 8 at government schools the opportunity to participate in term long online extension and enrichment programs, in English and Mathematics. I am sure you will enjoy reading the articles written by our students about their experiences.

This term, six Year 6s participated in a 9-week mathematics program called VHAP. VHAP stands for Victorian High Ability Program and it is run through Virtual School Victoria online. VHAP is designed to challenge and further students. Meeting for an hour weekly online, we participated in exciting and challenging lessons designed to further our learning of mathematics concepts. We also undertook homework that consolidated our learning each week. One topic that was particularly interesting to the group was cryptography. In Week 7 of this amazing program, we learnt about ciphers (otherwise known as algorithms or codes) and how to create and communicate through different ciphers. There were multiple other topics that we learnt about, such as indexes, numeral systems and bases, sequences and conjectures. This excellent opportunity taught us so much about complex Maths concepts and we are very grateful that all of us had the chance to extend ourselves.

Daniel O, Roy S, Syon G, Vasa M, Avyana G, Cheyanne T

During the past nine weeks, selected students have been participating in the Victorian high abilities program - English (VHAP). It is a program run all across Victoria where students can learn at a very high level. The HPS students enjoyed learning and discovering more about different elements of writing. This has been a great experience.

The purpose of VHAP was to dig deeper into our knowledge of writing. We investigated all these different writing techniques for narratives. Some of the techniques we learnt were how to mash up genres, the hero's journey and how to add comedy to stories. The final product was to write a story using some of the skills we learnt. This learning experience will help us become better writers and also help us when needed in future life.

The selected students had their very own log in to a website that allowed them to connect to their online peers from other schools during the 9 weeks. There was a different lesson for every week, and we had a 55 minute Webex session to complete the tasks set. Our classes were run by our wonderful teacher Claire, who guided us through the platform. On the website, we had a virtual classroom where we could do everything like a normal classroom, such as submitting attendance, a table of contents to describe the assigned work, a blog to post and talk to other students, and even homework to complete at home. The lessons have been enjoyable and the students have always had the opportunity to ask for help or share their perspectives.

Teaching writing

6+1 TRAITS OF WRITING

Our teachers have continued their professional learning in the Six + 1 Writing Traits. Last week we completed Module 2 which was focused on the trait of **Organisation**. Key qualities relating to Organisation that we teach and look for in student writing are:

- **Creating a lead** - The writer grabs the reader's attention from the start and leads him or her into the piece naturally. The reader is enticed, provided with a

tantalizing glimpse of what is to come.

- **Using sequence words and transition words** - The writer includes a variety of carefully selected sequence words (such as later, then and meanwhile) and transition words (such as however, also, and clearly) which are placed wisely to guide the reader through the piece by showing how ideas progress, relate, and/or diverge.

- **Structure the body** - The writer creates a piece that is easy to follow by fitting details together logically. He or she slows down to spotlight important points or events, and speeds up when he or she needs to move the reader along.
- **Ending with a sense of resolution** - The writer sums up his or her thinking in a natural, thoughtful, and convincing way. He or she anticipates and answers any lingering question the reader may have, providing a strong sense of closure.

Again we explored the use of Mentor texts (great quality children's literature, often picture books) to assist students to understand the Organisation Trait - we looked at a magical picture book called 'Wendy' by Gus Gordon. We also analysed student writing pieces and looked for ways to move them forward in their application of the Organisation Trait using specific teaching strategies. We look forward to continuing this course throughout 2022.

Wishing all families a happy and healthy school holiday break.

Kind regards

Amanda Seach

1A	Fergus McCallum	Personal Best	<ul style="list-style-type: none"> For putting your personal best effort into your reading tasks! You independently use your prior knowledge about the books we read to make connections to your own life and predictions about what might happen in the story. Keep it up :)
1B	Sophia Vardavakis	Personal Best	<ul style="list-style-type: none"> For focusing and practising her skip counting and making really impressive improvements.
1C	Sophia Barghash	Personal Best Team Work	<ul style="list-style-type: none"> For being helpful, courteous and cooperative. Sophia sets an example of excellence in behaviour and problem solving. Keep it up :)
1D	Sam Warfe	Person Best	<ul style="list-style-type: none"> For being a caring friend, practising his skip counting and using excellent word choice in his memoir.
2A	Smith Hurren	Personal Best Teamwork Gratitude Respect Resilience	<ul style="list-style-type: none"> For showing resilience when taking on challenges presented to you. For the time and effort you put into all your work. And most of all, for the kindness you show to everyone both students and teachers You have a big heart Smith with lots of love to go around!
2B	Hamsini Seri	Teamwork Gratitude	<ul style="list-style-type: none"> For your positive attitude and participation in our Billy Cart incursion this week, working well and encouraging your group members.
2D	Ryan Curry	Respect	<ul style="list-style-type: none"> For always being a kind, polite and caring member of 2D and being a friend to all.

Term 1 Week 8 - Junior Hughesdale Hero

Class	Name of Student	For Showing (Values)	Reasons
FA	William Savio	Personal Best	<ul style="list-style-type: none"> For the amazing effort you have put into your writing this week. It has been wonderful to see you showing your personal best by including lots of detail in your pictures and listening carefully to the sounds in words. You have worked really hard William, keep up the great work!
FB	Henry Naulls	Respect Personal Best Gratitude Resilience	<ul style="list-style-type: none"> For working hard with different materials to create 2D shapes and showing resilience to persevere when listening for the dominant sounds in his writing. Henry is using his manners to show respect and gratitude for the things people do for him.
FC	Eliana Barac	Personal Best Teamwork Respect	<ul style="list-style-type: none"> For always sharing interesting ideas and opinions during our class discussions. You are showing beautiful manners when listening to your classmates and think deeply about your personal connections to our topic of discussion. Keep up the fantastic work Eliana!
FD	Nia Redmond	Personal Best	<ul style="list-style-type: none"> For showing enthusiasm and interest during our 2D shape investigations. Nia did a fantastic job creating different 2D shapes out of Playdough and comparing how many sides.
1A	Eliza Zannotto	Personal Best	<ul style="list-style-type: none"> For putting your personal best into your role as Sustainability Captain. You have taken this job in your stride and been a wonderful asset to our class, helping everyone work out the correct bin for their rubbish. You also show excellent responsibility when emptying the bins at the end of the week. Keep it up :)
1B	Joey Bonnici	Personal Best	<ul style="list-style-type: none"> For always sitting toward the front of the room and sharing his ideas with the class during reading lessons.
1C	Sam Lumb	Teamwork Personal Best	<ul style="list-style-type: none"> For always working hard in class and listening carefully. Sam is sharing his ideas confidently in groups and in front of the whole class. Well done Sam :) Keep up the fantastic effort!
1D	Azalea Zarras	Personal Best	<ul style="list-style-type: none"> For trying her best when sounding out words to write, helping her peers and practising her skip counting!
2A	Amyra Rumao	Personal Best	<ul style="list-style-type: none"> For settling so quickly into life at Hughesdale Primary School and always giving everything a go. It's so great to see you enjoying school so much!
2B	Stacey Floros	Respect Teamwork	<ul style="list-style-type: none"> For always wanting to offer your assistance to the teacher and classmates when you see we need it. You are a valuable member of our class who shows lots of respect and teamwork each day.
2D	Dexter Peek	Personal Best	<ul style="list-style-type: none"> For being resilient and bouncing back when things don't go to plan. You are working so hard this year. Keep it up Dexter!

A message from your Coordinator Navjot

Hi everyone,

Last week was full of fun, enthusiasm, and excitement as young artists displayed their creativity through the Big Art Comp. Children had a super fun time expressing, exploring and being creative. They also had a blast at ASC Hip hop dance incursion. It was very refreshing for all the children because they experience it for the first time at ASC!

Upcoming week is all about recycling, the highlights are....

- Newspaper flower DIY
- DIY Paintbrushes using felt sheet, pipe cleaner, foil, yarn, foam and cotton
- Recycling of markers into watercolours

[Rocketeers Camp Australia is back again!! with Round 2 of the Handball championships this Autumn](#)

We are also celebrating our one-year anniversary of Rocketeers! so, get ready to have your mind blown with all the awesome rocketeer activities! The highlights are.....

- Carnival Extravaganza
- Show stopper at time machine the musical
- Geoscience

Thank you
Navjot
