Hughesdale HAPPENINGS

Acting Principal's Report

Dear community,

How intelligent are our students!!!

I want to congratulate all the year three and five students for all their hard work and diligence towards their schooling. HPS outperformed the state, similar and network schools in nearly all areas of NAPLAN, a fantastic accomplishment that needs to be celebrated. I want to acknowledge the efforts of all the teachers at HPS, to facilitate such wonderful results from our young people, well done to all.

Assistant Principal's Report

AMANDA SEACH

Community connections

This week we hosted the kindergarten students from Brine Street who came to see our school on their 'excursion.' They were very happy to be here and explored the school playground and spent time in a classroom listening to a story like real, big school kids! The Brine Street staff were very appreciative of the experience for their students and it was a joy for me to spend time with these young people. This week I was also a guest speaker at the Goodstart Kindergarten 'Information Night' where I could answer questions for parents about school readiness and preparation along with sharing some information about how Hughesdale supports young people to transition to school life.

Teacher Professional Learning sessions

The French program continues to build momentum and excitement. We are a year and a half into this new endeavour after 2021 was spent conducting a thorough school review into the languages program as this was an area identified for reinvigoration. This week Madame Watson updated the teaching staff on the progress of her program and shared exciting information about a research project she is undertaking, with the support of the Modern Languages Teaching Association of Victoria. Madame Watson is developing a unique Literacy through Languages Learning program for the early years learners. The students are engaged with French readers (as they do with English Readers) and are receiving explicit instruction in decoding words using skills that are transferable in the English and French classrooms.

Teachers have also continued their professional development in the area of Mathematics. This week, under the guidance of Elisha Park, Rebecca Kharsas and Ashley Carey, expertise was further developed with a lens of what students and teachers see, hear and experience in Maths lessons where the Four Proficiencies are present.

A little about the Four Proficiencies:

Understanding: there is a worldwide shift in mathematics education towards a stronger focus on learners developing a deeper understanding of key mathematical concepts and ideas in the curriculum rather than memorising or rote learning one-right-way algorithmic procedures.

Fluency: this involves students being able to calculate efficiently, recognising robust ways of responding to questions, choosing appropriate methods and approximations along with the ability to manipulate equations to find solutions.

Problem Solving: this involves making choices, interpreting, formulating, modelling and investigating problem situations along with communicating solutions. Research suggests that for our mathematics learners it is better for a student to solve one problem in five different ways than to solve five problems in the same way.

Reasoning: this involves providing opportunities for students to think and think aloud during learning experiences. Students explain their thinking, deduce and justify strategies and transfer knowledge between contexts. Teachers often take the role of question asker.

We will continue the focus on Mathematics teaching and learning on our upcoming Curriculum Day.

Kind regards

Amanda Seach

National Diving Championships

Last week I went to Sydney to represent Hughesdale Primary and Victoria at the School Sport Australia competition for Diving. I was lucky enough to medal in all four events. I made so many new friends of all different ages and from different states. I can't wait to hopefully go again next year.

Hughesdale Primary School congratulates

Caitlin on not just participating in the National Championships, but on medalling in all four of her events! You should be extremely proud of your achievements, Caitlin.

National Touch Rugby Championships

In last week's newsletter, we covered Lewis' first three games at the National Touch Rugby Championships. At the end of the tournament, Lewis and Team Vic finished in 5th place, finishing with a win in their final against the Northern Territory. More impressively, Lewis was awarded with a cap by the Queensland team, for his outstanding sportsmanship. An umpire called a tag when he thought Lewis had tagged an opponent. Lewis told the umpire that he in fact did not tag the other player, which resulted in Queensland being awarded a try. Even when playing at the highest level, Lewis showed honesty and fantastic sportsmanship. We are proud of your achievements and commitment to displaying the school values on the national stage, Lewis!

Smile Squad Dental - Last day to sign up (Thursday 31st August)

The Smile Squad team from Link Health and Community are coming to our school at the beginning of Term 4.

Smile Squad is the Victorian Government free school dental program.

This means all students can get a free dental check-up, preventive services, and treatment at school.

We need your consent before we can provide services. Consent is usually provided by a parent or guardian.

Sign up to Smile Squad at: <https://bit.ly/smilesquadvic>

New Carpet - Main Building

I am excited to announce that the Victorian School Building Authority (VSBA) has just informed us that they are happy to release the residual funds from our recently completed renovation of the main building student toilets, to fund the replacement of the main building carpet. I recently spoke with former Hughesdale Primary assistant principal, Michael Cormick, who mentioned that the current carpet is 20yrs old. He was in charge when it was last replaced. Needless to say, it is time for an upgrade! Jarrod Travaglia and the team from AllFloors will use the Term 3 holiday break to remove the current carpet and underlay before replacing it with brand new carpet tiles. I would like to thank the Travaglia and Hay families for their help and support with this project.

Parking Restrictions

Just a reminder when dropping off your child/children on Brine St, that this is a 2min drop and go zone, between 8:30-9:30am. Drivers must stay with the vehicle during this time. Please note, if you leave your vehicle, you may incur a fine from the council.

Kind Regards,
Aaron Richards
Assistant Principal

World Wildlife Foundation

In term 1, me and two of my friends, Jindi Rooney and Frankie Allica researched about the WWF (World Wildlife Foundation) and discovered that there are many animals that become endangered every year.

So, we decided to do something about it. We asked Mr Carey if we could make an announcement during assembly saying after school we are going to collect money and donate it to the WWF.

We made signs and buckets so you could see us easily.

We officially collected and donated \$54.30 to the WWF and we are thrilled for all your donations and to be able to spread the word about endangered animals.

Thank you for your support.

Maddie L, Jindi R and Frankie A - Level 5

Dear parents and Families,

Last two weeks have been a great fun for all children as they celebrated science week and book week. All the children loved doing science experiments and reading different books. They also enjoyed doing painting, playing with play dough, making clay book characters and making their own scrap book.

Children also have had fun playing outside at the oval and in the sand pit. Next week we are going to celebrate Father's Day. The Team have planned various art and craft activities such as dad letter holder, 5 things about dad and family theme word search.

Rocketeers starting from 18th September to 28th September

The Highlights are:

- **Adventure: Rocketeers Dance Party**
- **Experience: Takeover: Soccer Strikers Shootout**
- **Adventure: Discover Fun at Melbourne Museum, IMAX and Carlton Gardens**
